## Stars of the future

The Ironbark Stadium in Rushworth is a hive of activity on Thursday evenings with enthusiastic up and coming local sports stars turning out for AusKick and NetSetGo sessions. Now there is even more excitement in store - on 23 June the AusKick kids will travel to the Collingwood versus Westcoast match at the MCG where they will have the chance to show their mettle on the ground at half-time.

NAB AFL Auskick is a national program aimed at introducing children to Australian football, encouraging healthy lifestyles and creating stronger links between children, parents and the community. NetSetGo is for children aged between 5 and 11 (boys welcome) and is designed to offer a positive introduction to netball.
